📍 Namakkal, Tamilnadu ,India. 🏠 Github/tharunn75

Profile

Java Full Stack Developer fresher with hands-on experience in building web applications using Java, Spring Boot, React, and SQL. Skilled in developing REST APIs, responsive UIs, and database integration. Seeking an entry-level role to contribute to scalable application development

Education

BE-Electronics and communication Engineering

Kongu Engineering College
Aug 2020 – Apr 2024 | Erode, India
Got 7.51 CGPA in ECE

HSC-Higher Secondary Certificate

Vetri Vikaas Boys Hr Sec School
Apr 2020 | Namakkal, India
Got a percentage of 65 in HSC.

Technical Skills

Front-End Technologies

HTML5, CSS3, JavaScript, React.js (State/Props Management, API Integration, Form Handling, UI/UX implementation)

Back-End Technologies

Core Java (OOP, Collections), Advanced Java (JDBC, Servlets), Spring Framework (Spring Boot, Spring MVC, REST APIs), Hibernate

Database

SQL, PL/SQL (Queries, Subqueries, Normalization)

Core Competencies

Full Stack Web Development, Responsive UI Building, Object-Oriented Programming

Projects

Climbing and pruning Tree Bot

Academic Embedded Project

- Contributed to the initial development phase of an embedded robotics project designed to climb and prune casuarina trees.
- Focused on hardware-software integration for automated branch-cutting mechanisms.

Business Portfolio

Business Presentation with static webpage

- Designed and built a responsive business presentation website utilizing foundational HTML and CSS.
- Focused on clean UI aesthetics and cross-device compatibility.

Flipzon – E-commerce Web Application

E-commerce Web Application using Spring Boot
Developed a full-stack e-commerce application with two modules – Admin and Customer. Implemented product management (add/edit/delete) for admin, and user registration with email verification for customers. Enabled product browsing with search, filter, and pagination. Integrated Cloudinary for image storage and Razorpay for secure online payments. Features include cart management and real-time user experience.

Tech Stack: Spring Boot, Thymeleaf, MySQL, Cloudinary, Razorpay, HTML/CSS/JS.

Publications

Climbing and Pruning Treebot

Institute of Electrical and Electronic Engineers
2024

CERTIFICATIONS & TRAINING

Full Stack Development with React.js & Java J-Spiders, Rajajinagar.

Jan 2025 – Nov 2025 | Bangalore, India

Comprehensive bootcamp focusing on end-to-end web development, API integrations, and database management.
